

## LOW-COST HOUSE

Are you looking for a plan to build a small house that will meet low requirements? Here's one that is well within the limits proposed by the Farmer's Home Administration for construction loans.

The plan provides 960 square feet of living space and added space for one automobile and outdoor storage. Besides three bedrooms, it features a kitchen-dining area designed as one room with an L-shaped working area. The living room adjoins the kitchen-dining area. There are two rear entrances, which are convenient to the carport and garden side of the house.

Working drawings of this plan are free for the asking at your local county Extension office.

## Farm NEWS

BY TOM CASADAY, CO. AGENT

Most of our Coffee County farmers have received enough rain. Some have received a little to much and others, especially in the Mt. Pleasant Community, have not received enough. Most of our rainfall has been scattered. We have not had a general rain in several months. I surely hope that those areas that are in need of rainfall will get some right away.

In about two weeks, Coffee County farmers will begin harvesting cotton, peanuts, and other crops. Here are a few words of equipment concerning farm machinery. Keep all farm equipment in safe operating condition. Keep guards and safety devices in place. Always stop machines before unclogging, servicing or adjusting. Keep small children away from working machines. Refuel only cool engines. To avoid tractor upsets or backward flips, slow down when turning or on rough ground; hitch only to the drawbar; set wheels wide; be cautious while working on slopes, uneven ground, or around ditches. Keep a fire extinguisher and first aid kit on tractors and self-propelled equipment.

Jay Boland, a former 4-H Club member from the Basin Community, stopped in the office a few days ago to speak to us. Jay was an outstanding basketball player at Kinston and also at college. He is now married and is teaching school at Drew, Mississippi.

I have known Mrs. Boland and her sons for about ten years. It is a real joy to me to see these fine boys succeeding in such a good way.

We have a supply of Federal and state gasoline tax refund applications. If you have lost yours or need extra copy for some reason, call us at the county agent's office in Enterprise and we will mail you one or drop by the office and pick one up.

Incidentally, according to records that we have, a lot of Coffee County farmers are not taking advantage of this gas refund. If you have not done this in the past and need help getting started, let us know and we will be glad to help you.

Coffee County peanut producers received a letter from us a few days ago calling attention to the special harvesting peanut clinic to be held at the Wiregrass Substation in Head-

Club.

Wednesday, August 11, is the date for the graded market hog sale to be held at the Farmers' Livestock Co-op auction barn in Elba. If you have hogs ready for market, I hope that you will consider bringing them to this special sale. The grading demonstration will get underway at 10:00 A. M.

The sale will begin at 10:00 A. M. Whether you have hogs ready to sell or not, come on out at 10:00 A. M. for the grading demonstration.

Picnics for the New Brockton elementary 4-H Club officers were held last Thursday at Twin Wells. Officers attending the picnic were: Tessa Brown,

Cathy Smith, Cheri Clark, Mike Lindsey, Van Watson, Curtis Edwards, Greg Clark, Steve Wildes, and Tommy Myers. This picnic was their award for being chosen "Elementary Clubs of the 1964-65 school term."

Mt. Pleasant Junior High School held their picnic last Friday at Hartford Lake. Letters are being mailed to the members of the boys' 4-H Clubs asking them to indicate whether or not they want to enter the 4-H FFA and FFA Fair Calf Show and Sale to be held next spring.

Several 4-H'ers have peanut projects this year. We visited the projects of Dwan Rhoades and Dennis Weatherford last week. Both of these boys are doing a real good job all the way through with their peanuts. We are expecting some high yields at harvest time.

Hog slaughter in the United States is expected to continue well below 1964 levels throughout the year, reflecting the 8% decline in the 1964 fall pig crop and a similar reduction in the 1965 spring crop.

It may take a little longer than in previous years for production to increase enough to depress prices substantially.

## McCormick Elected As President Of Gas Group

Gibbs McCormick of New Brockton will head up the Alabama L.P.-Gas Association in 1965-66.

A veteran of 18 years in the L.P.-gas retail business, McCormick was elected president of the organization of butane and propane dealers at its annual convention in Birmingham on July 27. The association represents more than 140 dealers throughout the state.

McCormick is a past director and vice president of the trade association and has directed many important industry programs. In March of this year he promoted and managed a two-day gas air conditioning workshop for Alabama L.P.-gas dealers.

He was also active in developing and promoting a new L.P.-gas law in Alabama during the past several months. The measure has been approved by both houses of the Alabama Legislature and is expected to be signed into law by the governor soon.

In accepting the association presidency, McCormick told the Birmingham convention that his administration would stress "unity in action" by all segments of the L.P.-gas industry. "Our industry's potential is unlimited if we unite in a common purpose," he said.

## Nursing Home Underway

Construction is now underway on the new 40-bed nursing home adjacent to the Elba General Hospital, according to Lamar S. Rainer, Jr., President of the Elba Hospital Board.

The project, approved several weeks ago, was for a building to be used for the Health Department building into the face of which has now been re-erected a new three-story building. It is expected to progress at a fast clip as soon as the rain stops its daily returns.

He won the Air Medal for valor by once again flying his helicopter into the face of the enemy fire three times on October 27, 1964 to rescue wounded American and Vietnamese soldiers.

He was the Air Medal School graduate and received a B.S. degree in 1960 from Jacksonville State College. He and his wife, Lucy, reside at 610 Byrnes Drive in San Antonio, Texas.

McCormick has been awarded the Purple Heart for wounds received in action, and the Army Commendation Medal.

The captain is a 1956 graduate of Elba High School and received a B.S. degree in 1960 from Jacksonville State College. He and his wife, Lucy, reside at 610 Byrnes Drive in San Antonio, Texas.

## Jaycees To Dedicate Park

The Elba Jaycees will dedicate the new Jaycee ballpark Thursday night (tonight) at 6:30, according to Jimmy Peacock, president.

Participating in the 30-minute dedication program will be the Jaycees, the Mayor, City Council, Representative Drexel Cook, the County Commissioners, Probate Judge J. O. English, members of the Recreation Board, Dick Doran of the Light and Water Board, and Harold Deal, City Clerk.

President Jimmy Peacock says that the Jaycees will take this opportunity to present awards to individuals and companies that have extended a helping hand to the Jaycees during the past year.

## Dorsey Corporation's Net Income Increases

The Dorsey Corporation today reported consolidated net income of \$696,982 for the first six months of 1965, a 16 per cent increase over earnings of \$600,777 for the same period last year.

In an interim report to stockholders, President J. Frank Harrison attributed the increase to a continuation of record-high sales by Dorsey's two subsidiaries, Dorsey Trailers, Inc., of Elba, Alabama, and Chattanooga Glass Company, with plants in Chattanooga, Mt. Vernon, Ohio, and Corsicana, Texas.

Consolidated net sales for Dorsey during the six months ended June 30 were \$19,407,036, nearly 14 per cent higher than sales of \$17,076,326 for the same period last year, Mr. Harrison said.

Dorsey's earnings for the first half of 1965 amounted to 70 cents per common share on each of the \$14,160 shares outstanding, after provision for preferred stock dividends. Earnings of 57 cents per share were reported for the first half of 1964.

Net income for the second quarter was \$485,183, or 52 cents per share, as compared to \$455,371, or 47 cents per share, for the same period in 1964. Second quarter net sales rose five percent to \$10,319,375 last year to \$10,880,415 this year.

Higher earnings of Dorsey Trailers are attributable largely to increased fleet and piggyback trailer sales, Mr. Harrison said. He added that this subsidiary continues to maintain a record-high backlog of commercial orders and anticipates a continuation of the strong market for its products.

Crop Duster Crashes Near Elba

The dangerous job of crop dusting with airplanes has often taken its toll in men and machines, but William Collins, a dusting pilot for Elba Air Service, was lucky Monday morning when his plane hit a tree and promptly crashed to the ground on its nose, but he walked away.

Collins walked to the highway and caught a ride to the Elba General Hospital where he is resting with a sprained ankle and knee.

He was making a run when the right wing of his plane hit a tree, causing the plane to crash to the ground on its nose with the propeller stuck in the dirt and the aircraft turned upside down.

Several revolutions before the craft fell over.

The crash occurred near Danley Crossroads in the field of Richard Jacobs and the plane seems to be a total loss.

## Linda Folsom Crowned Miss Alabama

Linda Folsom, 19, of Elba, Alabama, was crowned Miss Alabama today at the annual coronation ball held at the Elba Hotel.

Linda, the green-eyed daughter of Mr. and Mrs. Wade Folsom, captured the hearts of the judges and the audience with her beauty, big smile, and her delightful soprano voice. Her superb rendition of "Rigoletto," that was sung in the 20th and 21st at New Brockton, was one that will be remembered long after the coronation ball.

All of Coffee County is bursting with pride over the successful bid of New Brockton's Linda Folsom for first place in the Miss Alabama Contest.

## Among Coffee County Men In

PAUL C. MADDOX, Army Sgt. 32, son of Mrs. Nellie B. Maddox, Route 5, Elba, Alabama, participated in a week-long, round-the-clock air defense exercise, which ended July 16, in the Panama Canal Zone.

The purpose of the joint forces exercise, which involved Army, Navy and Air Force personnel, was to test the air defense systems available to the Canal Zone in an emergency.

Sergeant Maddox, an artillery automatic weapons crewman in Battery A of the 517th Artillery's 4th Missile Battalion at Fort Davis, Canal Zone, entered the Army in February 1950 and arrived in the Canal Zone on this tour of duty in July 1963.

The sergeant is a graduate of Elba High School. His wife, Jimmie, is with him at Fort Davis.

WILLIAM R. PARRISH, Army Sgt. 25, whose wife, Dorothy, lives on Route 1, Opp, Alabama, participated in a week-long, round-the-clock air defense exercise, which ended July 16, in the Panama Canal Zone.

The purpose of the joint forces exercise, which involved Army, Navy and Air Force personnel, was to test the air defense systems available to the Canal Zone in an emergency.

Sergeant Parrish, a squad leader in Battery B of the 517th Artillery's 4th Missile Battalion at Fort Clayton, Canal Zone, entered the Army in April 1958.

The sergeant attended Geneva High School. His parents, Mr. and Mrs. John Parrish, live in Elba.

ERNEST L. KELLEY, Pvt. 21, son of Mr. and Mrs. Aaron Kelley, Route 2, Elba, Alabama, completed advanced training as a cannoner under the Reserve Training Program at the Army Artillery and Missile Center, Fort Sill, Oklahoma, July 8.

Kelley was trained in the preparation, loading and firing of field artillery guns and howitzers.

He is now scheduled to complete the remainder of his artillery obligation with Battery D of the 17th Artillery's 2d Howitzer Battalion, an Army National Guard unit, in Elba.

The 1964 Elba High School graduate was employed by the Doney Trailers Co. before going on active duty.

DANIEL A. ADKINSON, Airman First Class, son of Mr. and Mrs. J. B. Adkinson of R.R.1, New Brockton, Alabama,

CONNIE B. DAVIS, son of Mrs. Jessie M. Davis, Mullins Apartments, Elba, Alabama, was promoted to specialist four, July 26, while serving with the 1st Infantry Division at Fort Riley, Kansas.

Specialist Davis, a messenger center clerk in Headquarters Company, 2d Battalion of the division's 28th Infantry, entered the Army in January 1964 and completed basic combat training at Fort Polk, La.

The 23-year-old soldier is a 1961 graduate of Elba High School.

WILFORD KNOX, Airman Third Class, son of Mrs. Pastine Knox of Route 4, Elba, Alabama, was promoted to U. S. Air Force basic military training at Lackland AFB, Texas, and has been selected for technical training.

Airman Knox will be trained as a food service specialist at Ft. Lee, Virginia. The school is one of the many and one of the largest of the Air Force's training facilities used in the Panama Canal Zone.

## State Director Sounds Warning To Registrants

State Director Glen Curlee has urged Alabama Selective Service registrants to be sure that their draft boards have all the latest information on them.

"With the fast-changing world situation, it is of vital importance - both to the registrant and to us - that we have the correct information," Curlee said.

"All registrants who have not previously done so should immediately present evidence to their local board if they are now married. If children have been born of the marriage, proof of this should also be presented to the local boards," Curlee said.

"If a registrant has been drafted, he should also be presented to the local boards," Curlee said.

"The purpose of the joint forces exercise, which involved Army, Navy and Air Force personnel, was to test the air defense systems available to the Canal Zone in an emergency."

"Sergeant Maddox, an artillery automatic weapons crewman in Battery A of the 517th Artillery's 4th Missile Battalion at Fort Davis, Canal Zone, entered the Army in February 1950 and arrived in the Canal Zone on this tour of duty in July 1963."

"The sergeant is a graduate of Elba High School. His wife, Jimmie, is with him at Fort Davis."

## Hello From The Far Northland

By: CANDY WALCH D-3 GIRL SCOUTS SENIOR ROUNDUP

Greetings again from the Senior Girl Scout Round-Up.

All good things must come to an end, including the 1965 Girl Scout Senior Round-Up.

Ten days of wonderful activities were climaxed Tuesday morning when the first girls boarded the chartered buses to begin their journey home.

For all of us Round-Up will always hold a special place in our hearts. We'll always remember our wonderful experiences. But these memories are not for me alone because I wish to share them with each of you.

Up to now, a widow could not start receiving benefits until age 62 unless she had in her care a child who was also getting benefits.

A law choosing to get monthly benefits when she is 60 will receive a smaller payment than one who waits until she is 62.

Mr. Scott continued. This law will be reduced by 15-1/3 percent. If she chooses to start when she becomes 61, the reduction will be 6-2/3 percent.

Alabama's 67 counties and more than 300 municipalities have agreed to develop a Civil Defense program.

The length of the isolation varies according to the circumstances, particularly the nature of the disease.

The word, or its forerunner, was applied to a period of time that a ship was forbidden to make contact with a port when there was danger that a contagious disease might be brought in.

The practice was first employed at Venice in the 14th century. Because the length of the isolation was forty days, the Italians called the practice "quarantena."

"Quarantena" became "quarantine" in English.

## about your SOCIAL SECURITY . . .

Widows of men who worked under social security are eligible to get \$80.50 a month. If she chooses to start when she is 61, her rate will be \$86.70; and if she waits until she is 62, she will get \$92.80 a month.

Once a widow receives benefits before she is 62, she will always get a reduced benefit, even after she is 62. Mr. Scott stressed.

## Miss Bradshaw, Mr. Stevens Exchange Nuptial Vows August 1

On August 1, Miss Joan Bradshaw became the bride of Jacob Stevens during an impressive early afternoon wedding held in the home of the bride's parents, Mr. and Mrs. F. P. Bradshaw. Performing the double ring ceremony was the Reverend Lee Johnson.

The wedding vows were exchanged before a wedding arch decorated with delicate greenery. A cluster of white wedding bells complemented the center of the arch. Flanking each side of the arch were candelabra holding burning white tapers towering above baskets of yellow chrysanthemums interspersed with white gladiolus.

Given in marriage by her father, the bride wore a three piece bridal suit of white lace with chiffon blouse. Her shoulder length veil of tiered silk illusion fell from a narrow satin crown embellished with seed pearls. She carried a bouquet of white miniature carnations and a white orchid placed atop a white Bible. White ribbon streamers tied in love knots completed her bouquet.

Serving the bride as maid of honor was Betty Roberts. She was attired in a street-length dress of pastel yellow cotton with white lace insertions. Her headpiece was a shoulder-length veil of yellow illusion attached to a satin base with a miniature bow in the front. The flowers she carried were nestled in a circular design of net and ribbons.

Attending the groom as best man was Tim Bradshaw, brother to the bride. For her daughter's wedding, Mrs. Bradshaw wore a three piece lace suit of ice blue. Her corsage was a white orchid.

For the wedding trip to points of interest in eastern and northeastern states, Mrs. Stevens wore a pink linen suit with white embroidery. Her accessories were pink and she wore the orchid from her bridal bouquet.

Mrs. Agnes Plant and Miss Jeanette Plant visited Mrs. Kate McIure in Louisville Sunday.

Mr. and Mrs. William Grantham spent the weekend with their son and daughter-in-law, Mr. and Mrs. Wayne Grantham, in Sylacauga, Alabama.

Mrs. Brosco Parker, her daughter, Mrs. Betty Doling and Mrs. Doling's two sons, Chuck and Stan, are visiting Mrs. Parker's daughter, Jean Moore, in Stereogon Bay, Wisconsin.

## Miss Jean Taylor, Bride-Elect, Honoree At Pre-Nuptial Parties Meek, Rowell Wedding Set

Miss Jean Taylor, a bride-elect was the honoree for a morning party given at the Country Club Thursday at 10:30 by her parents, Mr. and Mrs. F. P. Bradshaw. Performing the double ring ceremony was the Reverend Lee Johnson.

The wedding vows were exchanged before a wedding arch decorated with delicate greenery. A cluster of white wedding bells complemented the center of the arch. Flanking each side of the arch were candelabra holding burning white tapers towering above baskets of yellow chrysanthemums interspersed with white gladiolus.

Given in marriage by her father, the bride wore a three piece bridal suit of white lace with chiffon blouse. Her shoulder length veil of tiered silk illusion fell from a narrow satin crown embellished with seed pearls. She carried a bouquet of white miniature carnations and a white orchid placed atop a white Bible. White ribbon streamers tied in love knots completed her bouquet.

Serving the bride as maid of honor was Betty Roberts. She was attired in a street-length dress of pastel yellow cotton with white lace insertions. Her headpiece was a shoulder-length veil of yellow illusion attached to a satin base with a miniature bow in the front. The flowers she carried were nestled in a circular design of net and ribbons.

Attending the groom as best man was Tim Bradshaw, brother to the bride. For her daughter's wedding, Mrs. Bradshaw wore a three piece lace suit of ice blue. Her corsage was a white orchid.

For the wedding trip to points of interest in eastern and northeastern states, Mrs. Stevens wore a pink linen suit with white embroidery. Her accessories were pink and she wore the orchid from her bridal bouquet.

Mrs. Agnes Plant and Miss Jeanette Plant visited Mrs. Kate McIure in Louisville Sunday.

Mr. and Mrs. William Grantham spent the weekend with their son and daughter-in-law, Mr. and Mrs. Wayne Grantham, in Sylacauga, Alabama.

Plant a crop in deep, rich soil and you plant a crop that will flourish. Something gives it life. Sun and rain, yes, and certainly rich, abundant soil... and yet, something more, something that gives it the ability to seek and use strength. Someone gives US life... nourishing food, warm comfortable shelter, these help certainly. But still... something else. Our souls reach far above the surface of everyday existence to find our deeper faith in God's wisdom and power.

We place ourselves at His mercy. We seek Him often in prayer and worship, and "times of refreshing shall come from the presence of the Lord."

Having found this fountain of faith, like the harvest, we point ever heavenward to share with others our discovery.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Reeves, Leddon Wedding  
Event Of August 7

Miss Faye Reeves, daughter of Mr. and Mrs. J. O. Reeves, became the bride of Jim Lee Leddon, son of Mr. and Mrs. R. J. Leddon, of DeFuniak Springs, Florida, in an impressive ceremony Saturday afternoon, August 7, at the Bethel Baptist Church.

Nuptial music was presented by Cleon Hedges, of DeFuniak Springs. Miss Lanette House, Miss DeFuniak, sang "Whither Thou Goest".

The church was decorated with gladiolus and fern. White candles burned in floor candelabra.

The bride was dressed in a white brocade train length dress and carried a white prayer Bible with a cascade of white flowers. Her shoulder length veil was attached to a tiara of seed pearls and she wore white slippers.

Mrs. Sue Hudson served her sister as matron-of-honor. Miss Ann Reeves, also a sister of the bride, was flower girl. Both wore dresses of yellow with white head pieces and white shoes.

Best man was Billy Ray Hudson. Ushers were Eddie Day and Chester Leddon. Rickey Leddon was ring bearer.

Reverend Wesley Spivey, of DeFuniak, performed the double ring ceremony.

Jobs To Be Available For  
Junior College Students

At least 32 students will be able to pay the major part of their expenses by working at Enterprise Junior College under a federal work-study program approved August 2nd. The \$5,940 federal grant for the fall quarter will be matched by \$600 from the college. It will provide a total of \$6,540 to be paid to students for work at the college during the first 11 weeks of classes.

President B. A. Forrester said recently that identical requests have been made for the winter and spring quarters, and if approved, will provide a total of \$19,800 for the 1965-66 school year. Of this amount he said, the college will put up \$1,980, which was made available by gifts of \$1,000 each from the Lions.

Under the program, students will be paid \$1.25 per hour for assisting college staff members. No student may work more than 15 hours per week, and the work must be related to his educational objectives.

During one week quarter, a student could earn as much as \$206.25, or during the nine-month school year, \$618.65.

Total fees for the school year will be \$135. The president estimated other expenses at \$220 for food, \$150 for books and supplies and \$350 for personal expenses.

"With this program in effect," Forrester said, "Any bright student, no matter how poor, should be able to complete the first two years of college."

The new junior college will open in temporary quarters in the First Methodist and First Baptist churches September 30. Registration will be September 27-29, approximately 350 students are expected the first quarter.

Some secret societies or clubs still use black and white balls in voting to determine whether to admit a person to membership.

If a certain number of black balls is cast, the candidate is not admitted. The number of black balls for disqualification is established by each organization.

But whether balls, paper ballots or a show of hands is used, a person rejected for membership in an organization is said to have been "blackballed."

Most people get a terrific shock when they see what the camera does to their beauty.

**HEADLAND**  
I certainly hope that a large group of Coffee County peanut growers will go to Headland on Thursday, August 12, 9:00 a.m. at the Wiregrass Substation for the peanut harvesting clinic. The meeting will deal primarily with hard-vesting. Perhaps some of you can invite your neighbors and get a carload to attend this important meeting.

**PEANUTS**  
Mr. M. D. Bond, our peanut specialist, gave this advice recently on digging peanuts: "Many peanuts are dug too early than too late. I know that this happened in a lot of cases last year. A lot of people dug too early and lost several dollars per acre."

**CHINCH BUGS**  
If you are having trouble with chinch bugs on your lawns, call us at 347-6095 and we will be glad to give you the recommendations for control. We have had

**FARM AND 4-H Round-Up**  
GAS REFUND  
Alabama farmers can get ten cents back on each gallon of gasoline used in their tractors and stationary engines. The State refunds six cents and the Federal Government refunds four cents. These refunds are made on all gasoline used for farm purposes.

Refunds are possible for all gasoline purchased from July 1, 1964, to June 30, 1965. But all claims must be filed by September 1, 1965. Claim forms are available at our office.

**LAWN PROBLEMS**  
If you have a beautiful lawn -- beware! There are two pests who look for lawns like yours. The sod webworm is very destructive, especially in sunny areas. Examine dead grass for numerous small holes, web-like cocoons or the worms.

Leafspot, another pest, is usually worse in spring or fall, but may be found in summer. It causes light brown spots along the leaf blade and may be worse on over-fertilized lawns.

If you have any lawn problems, let us know and we will do our best to help you find the solution.

**GOOD SEED PAYS**  
Certified out seed produced 13 more bushels per acre than non-certified out seed in Alabama last year. This is just one example of how good seed pays dividends. Similar results should be expected with other crops.

**COTTON INSECTS**  
Reports are that boll worms are now building up in numbers. Keep a close look out for these worms, because late control may be necessary to protect your cotton against them.

**PEANUT HARVEST**  
Be sure those peanuts are ready to dig before you harvest. This is probably one of the hardest jobs in peanut production but certainly important. Many tons are lost every year due to early harvesting.

**4-H PEANUT PROJECT**  
We have 15 boys with 4-H peanut projects this year. These boys are keeping complete records on these projects. We hope to obtain information from them that will help increase yields in the future.

**MARKET HOG SALE**  
The market hog show and sale will be at the Elba Livestock Co-op barn on Wednesday, August 11, beginning at 10:00 a.m.

present at 10:00 a.m. for the actual grading demonstration and 11:00 a.m. for the sale. Be there early -- bring your hog to this sale.

**4-H Program Provides Training In Science**  
American young people's interest in science is lagging. "Not so," says T. W. Thompson, service director for the National 4-H Service Committee. And he backs up his statement with facts taken from records representing some 78,000 inquiring 4-H entomologists.

Thompson pointed to the record of a 15-year-old New York Miss who was instrumental in organizing an international Teen Entomology group. Her 4-H project has broadened and now she supplies motheggs to the state agricultural experiment station, museums, and to entomologists in this and other countries.

A New Mexico 4-H youth has amassed a collection of more than 2,000 insect specimens. The collection has been used in the instruction of 4-H members and school science classes. Many other 4-H entomologists share their knowledge with others. An Indiana University student plans to write about the world of insects after graduating with a degree in journalism and zoology. An Idaho 4-H girl has her own newspaper column which advises readers on methods of insect and pest control.

Thompson further noted six \$500 educational scholarships are available again in 1965 in the National 4-H Entomology program. Information and assistance are available from the county extension agent.
